Office of International Affairs

- Advises on international agreement-related policies and procedures.
- Manages the development and approval of unfunded international academic agreements.
- Reviews and makes recommendations on collaborative proposals from abroad.
- Maintains an online, searchable database of international agreements.
- Works with campus leaders to mitigate obstacles to developing international collaborations.
- Reviews and recommends action on short-term international visit requests.
- Coordinates approved short-term international visitor’s meetings with multiple campus units.
- Provides consultation on international matters.

International Center

International Faculty and Scholar Office
- Advises on appropriate visa classifications for prospective visitors.
- Prepares visa application documents and files nonimmigrant and immigrant petitions on behalf of international faculty and researchers.

International Students & Programs Office
- Works with departments to facilitate the recruitment, admissions, enrollment, engagement, employment, and retention of international students at all levels.
- Provides resources on a variety of topics, including intercultural communication skills, training and hiring of international students.

Programs Abroad Office
- Collaborates with faculty to develop education abroad opportunities.
- Works with departments and colleges to integrate programs abroad into courses of study.
- Administers Global Seminars, UC Education Abroad Program, and Opportunities Abroad Program.

Global Engagement
- Develops and implements new global initiatives in support of campus internationalization.

Office of Contract and Grant Administration (OCGA) and Scripps Institution of Oceanography OCGA

- Reviews and submits proposals.
- Analyzes and negotiates contract and grant award terms and conditions to ensure compliance.
- Provides post award administration renegotiation, modification, mediation and problem resolution.
- Oversees unfunded agreements such as material transfers, memoranda of understanding, and confidential/non-disclosures whereby research activities are involved.

Health Sciences Business Contracting

Phone: 858-822-3474

- Reviews and negotiates all types of agreements for clinical and non-clinical service transactions on behalf of Health Sciences, including the School of Medicine, the Skaggs School of Pharmacy & Pharmaceutical Sciences and the Medical Group.
- Administers agreements for educational affiliations and collaborations for programs within the U.S. and abroad, in accordance with accreditation requirements, as applicable.
